

The Society was about to embark on a membership recruitment drive in 2020 and had booked to attend several shows and events on an almost weekly basis throughout the summer. However, the world wide lockdown has prevented this so we are appealing to our members to seek out like minded people who may be interested in joining to help support the important work done by the Society, often behind the scenes in preserving the Norfolk and Suffolk Broads for all to enjoy.

Full details are on the website www.broads-society.org.uk
